## Pre-announcement as to construction work in 2020 in connection with our runway closure

Dear Sir or Madam,

During the past summer season in 2019, further reconstruction work has been executed on our runway and the adjacent taxiway areas.

During the upcoming years, we will also conduct further reconstruction works and implement EASA stipulations. In 2020, the runway will be closed for eight nights in total.

We ensure you that we planned all necessary construction measures in the scope of the reconstruction with regard to a minimum of constraint to air traffic and by paying attention to the public and school holidays in Bavaria as well as the adjacent German Federal States.

The following measures will be conducted in 2020:

- Partial reconstruction of the runway surface
- Electrical work
- Renewal of signs
- Partial renewal of the runway lighting system
- Implementation of EASA stipulations
