**Pre-announcement as to construction work in 2021 in connection with our runway reconstruction**

Dear Sir or Madam,

During the past summer season in 2020, further reconstruction work was executed on our runway and the adjacent taxiway areas.

During the upcoming years, we will also conduct further reconstruction works and implement EASA regulations. In 2021, the runway will be closed for nine nights in total.

We ensure you that we planned all necessary construction measures in the scope of the reconstruction with regard to a minimum of constraint to air traffic and by paying attention to the public and school holidays in Bavaria as well as the adjacent German Federal States.

The following measures will be conducted in 2021:

- Partial reconstruction of the runway surface
- Electrical work
- Implementation of EASA regulations
