Pre-announcement runway closure in 2022

Dear Sir or Madam,

During the past summer season in 2021, further reconstruction work was executed on our runway and the adjacent taxiway areas.

During the upcoming years, we will also conduct further reconstruction works and implement EASA regulations. In 2022 the runway will be closed for nine nights in total.

We ensure you that we planned all necessary construction measures in the scope of the reconstruction with regard to a minimum of constraint to air traffic. The public and school holidays in Bavaria as well as the adjacent German Federal States was regarded too.

The following measures will be conducted in 2022:

- Partial reconstruction of the runway surface
- Electrical work
- Implementation of EASA regulations
